Module 5: Your Vancouver Plan Goals

Remember the Vancouver Plan's 10 Provisional Goals? We want to know what they mean to you and which ones you think are most important. Here's a refresher:

1. Advance a City of Reconciliation through Decolonization
2. Create an Equitable, Diverse and Inclusive City
3. Become a Sustainable and Carbon-Neutral City
4. Ensure we are a Prepared, Safe and Resilient City
5. Develop an Affordable City with Diverse and Secure Housing for every resident that they can afford with 30% or less of their household income.
6. Support a Diverse and Healthy Economy
7. Create Complete, Connected and Culturally Vibrant Neighbourhoods
8. Re-Establish Thriving Urban Natural Systems.
9. Intentionally Manage our Growth and Align our Efforts Regionally
10. Demonstrate Transparency in Decision-Making and Collaborate with Partners

1. Take a sheet of paper and write the numbers 1, 2, 3 down the side of it.

2. What are your top 3 Provisional Goals? Start by thinking about the goals and what they might mean to you today and in the future. Try and imagine the life you want to live in the future. Now think about how that life relates to the goals. Pick your 3 favourite goals from the list and put them in order of importance (be sure to leave space below each one for your ideas!).

3. Now underneath each of your top 3 goals, write or draw out your ideas for how Vancouver can achieve these goals either in your neighbourhood or across the city. If you are stuck for ideas, think about what the city meeting or achieving that goal means to you. For example: what do you think 'thriving urban natural systems" are? Or what is an "equitable, diverse and inclusive" city?

4. The City of Vancouver wants your ideas! Ask your teacher to scan or photograph the ideas of your class and send them to City's Vancouver Plan Team at stina.hanson@vancouver.ca.
